13 ⁵	Further services	Charging according to time and material expenditure	Enquirer	CHF 180.00 per hour or part thereof plus VAT and external costs	

The fees will be invoiced if the total costs exceed the invoice amount of CHF 50.- per party per year; invoices are issued at least once a year.

Pronovo reserves the right to make changes and additions to this list of fees. The latest version of this list of fees is always used.

¹ The annual basic fee is also due for openings or closings during the year.

² Applies to all plants >10 MW, which do not fall under art. 19 and 73 para. 4 Energy Law (GO / SC plants).

³ Company-internal transactions (i.e. transactions between the accounts of companies that form legal unit) are free of charge. On the other hand, transactions between legal entities, which e.g. belong to a group, are subject to fees.

⁴ Applies to the case in which a customer has active user access.

⁵ Further fees will be charged for additional effort that is not part of the service within the meaning of the "Agreement Governing Use of the Swiss Guarantee of Origin System" based on time and material expenditure (e.g. individual training, ordering of already archived original documents, reports for municipalities or cantons, etc.).
